DR JOHN SAAD

LECTURER & INTERNATIONAL TRAINER

Psychology | Leadership | Human Development

Empowering people.
Advancing institutions.

01 / INTRODUCTION

Expertise that connects.

Psychology, leadership and human development - brought together through purposeful training.

16+

Years of professional experience

I am an international trainer, lecturer and consultant with experience across the UAE and Egypt. I develop engaging learning experiences that connect psychological understanding with practical personal and organizational development.

01

Psychology & Wellbeing

Mental health awareness, behavioral understanding, confidence and self-motivation.

02

Leadership & Excellence

Governance, lean management, human resources and institutional development.

Arabic: Native | English: Excellent

02 / TRAINING EXPERIENCE

Government. Academia.

Training experience across government entities, universities, colleges and professional institutes.

Government & Public Sector

Training and professional development activities involving the Federal Authority for Government Human Resources (FAHR) and the UAE Ministry of Education's training and professional development functions.

Leadership | Governance | Institutional excellence

Universities & Colleges

Lectures and workshops for higher education audiences, connecting psychology and mental health with management, professional skills and human development.

Psychology | Management | Professional learning

Training Institutes & Academies

Professional courses and workshops through training institutes, with teacher development activities and workshop participation at the Teachers Academy in Ajman.

Trainer development | Education | Communication

Supporting images illustrate learning environments.

03 / PROFESSIONAL CONTRIBUTION

From expertise to action.

Practical responsibilities across institutional training, education and community development.

Illustrative learning environments

01

Design & Develop

Customize training content around audience needs; plan structured lessons, workshops and professional development programs.

02

Facilitate & Engage

Deliver interactive lectures and workshops; encourage discussion, critical thinking and the use of modern learning tools.

03

Guide & Support

Provide educational and family guidance, individual and group support, and awareness sessions on psychological and relationship skills.

04

Collaborate & Deliver

Work with institutions and centers to organize learning initiatives, supporting in-person and online delivery for diverse audiences.

04 / QUALIFICATIONS

Knowledge. Leadership.

Advanced qualifications supporting training, consulting and human development.

DOCTORATE

Psychological Health

MASTER'S DEGREE

Master of Business Administration (MBA)

CONTINUING PROFESSIONAL DEVELOPMENT

Professional trainer development, human resource management, effective communication, modern administrative leadership, NLP and project-based learning.

Let's create lasting growth.
